HOORAY FOR THE SERB
CROTHERS, Andy, Bill and Emil, are investing \$25,000 in extending Serb's at 1045 San Pablo Ave. The new section will hold 90 persons or it may be divided by folding doors for two smaller groups. An office and book room will be part of the new addition, which is scheduled for opening Dec. 14. J. Vila and Construction company is doing the work. Serbs bought the restaurant, known as Cook's, in March, 1962. It was gutted by fire and didn't open until six months later.

THE SCHOOL BOARD is delighted to have had 15 nominations to fill the vacancy created by the resignation of Rae Volz. According to President Charles Pinkham, they expect to announce the appointee by the December meeting.

THE CHANGEOVER at Albany Theatre is causing wailing on many portions of town, especially among mothers who have for years sent their tots off to the approved children's matinees on Saturday afternoons. Owner Bill Garren has been so much a part of the community and its activities for 25 years that we may have taken his many contributions for granted. Now that he has retired from active management of the theatre, he plans to continue with other Albany interests, including the presidency of the Chamber of Commerce. We join scores of others, however, in bemoaning the new strictly-adult status of the theatre.

City Bldg. Dedication Date Set

Saturday, Jan. 15, 1966, has been selected as the date for dedication ceremonies for Albany's new city buildings.

During an organizational meeting of the citizens' committee for the dedication last Wednesday evening in Council chambers, Barry Runnion, Jr., was unanimously elected chairman. He named Edith Sheriff, president of American Legion Auxiliary unit 292, secretary for the group.

The second meeting will begin at 8 p.m. tonight in Council chambers. It is important that all council appointees, representatives of various civic groups and department heads attend, Runnion said. Subcommittees to plan various portions of the celebration will be named tonight and a decision will be made on whether to conclude festivities with a dinner-dance at Golden Gate Fields.

At the initial meeting, Mayor Lewis M. Howell outlined possible events for Albany's big day: ribbon-cutting, parade, unveiling a plaque, tours of the new building, special band music, refreshments, decorations, souvenir programs and the dinner-dance. Police Chief Ralph Jensen volunteered to ask for permission to use Golden Gate Fields. The request was granted Friday.

Committee members have \$1,000 from City Council to spend for the celebration. Mayor Howell urged them to spend it wisely. He said if the committee decides on a dinner-dance, he hopes the cost will be kept to a minimum so the average citizen will be able to attend. Entertainment for children and teenagers is also under consideration.

Members of the steering committee serving with Runnion are Chief Jensen, Gil Freels, Walt Sears, Roland Grisham and Dorothy Larimer. Other committee members attending the first meeting were Bill Kesler, Joe Dagna, W. N. McClain, Tony Kalberer, Bud Rooney, Richard McSheehy, Phyllis Lyons and C. F. Graeber.

VOW MEETING
Villagers Opposed to War (VOW) has announced that it will sponsor "Viet Nam Nite In The Village," an evening of discussion of the war in Viet Nam. The meeting is to be held in the Albany Community Center in University Village at 8 p.m. on Wednesday, Nov. 17, with Robert Scheer as guest speaker. Scheer is correspondent for Ramparts Magazine.

Board To Request Grant

The Albany Board of Education decided at their regular meeting to request a federal grant to help finance the education of 177 children from low-income families in this city.

Kenneth M. Forry reported that the district is eligible for up to \$30,000 in an outright grant from the federal government to finance a proposed remedial reading course for children from 70 families with an income below \$2,000 a year. If the State Department of Education approves the proposal, it will then be forwarded to the federal government. The program, according to William Woolworth, director of instruction, may begin with the spring semester.

Congress has authorized the program for a three-year period under the title of the Elementary-Secondary Education Act and has been funded for one year, according to Woolworth.

Since an effort should be made to remedy poor reading habits before a student enters high school, the program will be oriented around kindergarten-elementary school children.

PRE-HOLIDAY CLEANUP IN ALBANY is sponsored by the Albany Moose and the Albany Land Fill with the cooperation of the Albany Fire Department. Mayor Lewis Howell is shown with Bill Rhea and Captain John Hoeth displaying one of the posters urging Albany citizens to "Clean-Up for Fire Safety!"

Master Plan Studied By Hill Ass'n

Approximately 25 persons attended an open meeting sponsored by the Albany Hill Association to review some of the features contained in the Master Plan of the City of Albany.

Those in attendance felt that greater community support, understanding and participation is necessary before the Master Plan is finally adopted. Immediate concern was expressed regarding the accelerated filling of the Bay and the future use of this valuable land area for Albany.

Following the formal meeting of the Hill Association those in attendance felt that a city-wide committee could be extremely helpful in guiding the further development of that part of the Bay that is within the city limits of Albany. This committee was designated Albany Bay Committee. Ten persons were appointed to the steering committee, and it is hoped that broad citizen participation will be obtained to study how the Bay could best be developed and how the open, unspoiled character of the Bay could be preserved. Constructive ideas are to be encouraged and the committee will be concerned with the economics as well as the esthetics.

All Unit Bazaar Tomorrow

The American Legion Auxiliary annual All-Unit Bazaar will be held this year on Thursday, Nov. 18, 2 to 10 o'clock, at the Erwin-Taylor Memorial Hall, 1527 E. 14th St., Oakland.

Featured will be home-baked goods, jellies and jams, aprons, floral arrangements, jewelry and other interesting items, also grocery baskets and grab bags. Mrs. Alta Klein will be in charge of the Albany Unit booth. A delicious dinner will be served from 6 to 7:30 p.m. Everyone is invited.

Pre-Holiday Cleanup Day Sunday, November 21

The Albany Moose Club 1972 and the Albany Land Fill are co-operating with the Albany Fire Department in creating a pre-holiday cleanup campaign.

The campaign will be for one day only so that Albany citizens may rid their homes of fire potential debris. The Albany dump will accept all debris free of charge from any Albany householder on Sunday, Nov. 21.

All Albany householders are urged to participate in this campaign by bringing their debris to the Albany dump to avail themselves of this "no charge" day. It is anticipated that if there is good participation by the Albany householder toward this campaign, the Albany Moose Club will make it an annual affair in the interest of fire safety.

INTRODUCING SO SUK FUN, newly adopted daughter of Bay View Eagles 2323. She is Chinese, lives with a family of nine in a one room shack in Hong Kong. Eleven years old, ranking sixth in her class of 49, she was adopted by the local Eagle group through Foster Parents Plan of New York.

Governor Bill Rhea of the local Moose Club asks that all citizens get behind their fire department and make good use of this offer to the community.

This does not include wet garbage of any kind. This campaign is for the disposal of such flammables as newspapers, rags, old paint cans, wood, grass and shrubs or any debris that is a potential fire hazard.

Albany City Council Cleans Up Lengthy Agenda in Two Hours

The only battle fought by the Albany City Council Monday night was the lengthy and involved agenda and they dug their way doggedly through a morass of technicalities emerging two hours after starting time.

After weeks of discussion, Ordinance 65-016 had the first reading, was amended, and appears

to be in its final state. The ordinance as it now stands sets forth that the maximum building will be a three unit dwelling.

During the discussion on the amendment, Councilman Joel Parker noted that limiting the area to nothing larger than a duplex would be shutting the area down. With economic costs when a single is demolished, due to deterioration, the ordinance will provide more reasonable use. Councilman Joseph Egenberger called the ordinance "reasonable" and "workable." The ordinance passed with a 3-2 vote with Councilman Richard Clark and Councilman George Hein voting against it.

Ordinance 65-015 passed unanimously. The ordinance, amending Section 17.42 of the City Code, clarifies the license tax provisions.

Passage of Resolution 65-118, urging action on anti-Viet Nam demonstrations passed 4-1 with Councilman Clark voting against it. Councilman Clark reiterated his stand that he felt it did not behoove the City Council of Albany to interfere with educational political freedom. He felt that there was certain contradiction between law enforcement agencies as to laws broken. Councilman Joe Egenberger again stated that he did feel it was a concern of the City of Albany to take a stand on demonstrations insofar as one demonstration (troop train) was held in Albany. He said that all governmental actions were inter-related. Councilman Parker agreed and said that Council must take issue to enforce law.

On Resolution 65-119, Clark said, "Fear is taking over this country. . . ." He again stated that the government should let the United Nations negotiate in Viet Nam.

Councilman Egenberger pointed out that the resolution wasn't one of foreign policy—but one supporting the U.S. armed forces. He said, "I differ, too, with some foreign policy but these are our boys over there and I feel that we can support them." The resolution expresses support and devotion to members of the armed forces of this country fighting in Viet Nam.

The vote on the resolution was 4-1 with Councilman Clark abstaining.

Other resolutions passed were

Tax Increase For Schools Forthcoming

The Albany City Council, at its regular session Monday night, gave consent to the Albany Board of Education for consolidation of a school tax election with the municipal election to be held on April 12, 1966.

A review of the financial crisis facing the Albany City Schools by the Board led to the decision that at the Jan. 11 meeting of the Board the tax increase must be set, and voting precincts established. Posting required legal notices must also be fulfilled. At the Dec. 14 meeting the Board is expected to request permission to hold the election.

Local problems that have led to the financial crisis were cited by Board President Charles Pinkham. He noted that the district pays the cost of educating University Village children whose parents do not pay taxes or tuition fees to help support the school system. He added that the property acquired by BARDT has reduced assessed valuation of property in Albany and has led to a loss of income to the District. Construction costs have risen and physical improvements of the schools have forced the District to use some of the already below-level reserve fund.

Board Member Robert Nehls suggested the Board encourage the community to begin a massive campaign to dramatize the need for support for reimbursement for Village children by writing to Albany's representatives in Sacramento, and also to University officials and newspapers. Forry said that he had written to President Clark Kerr requesting that UC officials and representatives of the School District meet and discuss the issue but as yet he has received no reply.

Squirrel Hill Theatre Presents Two Plays

This week end on Friday and Saturday evenings at 8:15 p.m. the Squirrel Hill Theatre presents its third and fourth evenings of theatre at the First Unitarian Church of Berkeley, 1 Lawson Road, Kensington, reached via Arlington Ave., east on Terrace Drive and right on Craft Ave.

Two plays are to be given this week: Anton Chekhov's most famous one act play "The Boor," the amusing tale of a self-inflicted isolation of a charming widow and her reluctant return to life and love at the hands of the boor; and John Mortimer's hilarious two-act comedy "What Shall We Tell Caroline?" a wildly funny play which also catches at the throat as a set of parents and a family friend discover how many games they play with each other and how badly they need the games. While they try to decide what out of their experience of life they should pass on to daughter Caroline, Caroline has been making up her own mind.

Art Teaching or Handicapped Offered

Mrs. Alice Jung, instructor for the Art Volunteer Course now being offered at the Berkeley Red Cross Headquarters, announces that there will be openings for interested persons when the new section of the course starts on November 23.

This is a pilot course being offered by the Berkeley Public Schools Adult Education Department in cooperation with the Red Cross. The art volunteer will be trained to teach simple art activities to the handicapped or homebound and during the next few weeks emphasis will be put on Christmas projects.

Many nursing homes have requested this type of help for the persons in their care, for to give a bed-ridden or otherwise limited person an interest in something other than himself and his physical condition has great therapeutic value.

Anyone interested in joining this class may call the Berkeley Chapter at 845-1430 or come to the class on Tuesday, Nov. 23.

Red Cross Needs Volunteers

The local chapter of the American Red Cross needs more volunteers to help now in their many useful activities. Volunteers are needed to sew and knit, for motor service drivers, accompanists, for Oak Knoll Hospital entertainment and for Gray Ladies. Gray Ladies are especially needed now.

Many things are needed such as cookies, flowers, fruit juice cans for vases, and old (but usable) suitcases for patients at our state hospitals.

The Cookie Program, under the chairmanship of Jacqueline Smith, has a continuing need for cookies of all kinds. Anyone who will bring us some home-baked cookies will find her efforts fully appreciated by the patients at Oak Knoll Hospital where there is a constant call for "home-baked cookies." For further information please call Miss Smith at TH 3-0631.

Flowers are delivered on alternate weeks to rest homes and Oak Knoll Hospital.

Slimnastics

Slimnastics classes for ladies are held each Tuesday and Friday mornings at the Berkeley YMCA. These classes are preceded by badminton.

Instruction is available in badminton and trampolines, starting at 10 a.m.

For further information, call the Berkeley YMCA, 848-6300.

Of Interest to Thousand Oaks

MRS. MARY H. LATHE, Regional Librarian, Western area, for Contra Costa County Libraries, was the speaker at the last Soroptimist meeting. She brought with her a sampling of books to illustrate her theme of the great expansion of knowledge, the increase in published materials, the widening of interest in events all over the world. Her speech was enthusiastically received by the local club. As one member remarked, "She made me want to go immediately to the library!"

Transit To Raise Rates

AC Transit will raise bus fares for children and transbay commuters next Jan. 1 to meet mounting operational costs.

The board of directors, faced with a deficit of approximately \$750,000 for the current fiscal year, "reluctantly" voted unanimously for the fare hike at a meeting late yesterday.

The transbay fare hike is the first increase in commute fares since 1955.

Transbay commute fares will be increased two cents a ride.

Children's fares will be increased from 10 to 15 cents.

Additional revenue from the increase was estimated by John F. Larson, treasurer-controller of the district, at about \$600,000 a year on the basis of current patronage.

The district's 20-ride commute books between San Francisco and the cities of Oakland, Alameda, Berkeley, Albany, Emeryville and Piedmont will be increased from \$8.60 to \$9. The 20-ride book between San Francisco and El Cerrito, Richmond, San Pablo and San Leandro will go up from \$10.10 to \$10.50, and between San Francisco and Castro Valley, San Lorenzo and Hayward, \$11.60 to \$12.00.

Claremont Christmas Tree Festival Scheduled To Open On December 3

Christmas interpreted in more than 200 different ways will come to the Claremont Hotel on Dec. 3 and remain for six days to say Merry Christmas to the Bay Area from Children's Hospital Medical Center.

A gala preview night on Dec. 3 opens the 15th annual Festival of Christmas Trees, now an East Bay tradition which bids fair to be the most lavish display of original Christmas trees anywhere in the United States.

Imagery and artistry are hallmarks of the now-famous festival and, while pine cones, seed pods, fractured glass, beads and bangles, fruits and felt again will be some of the materials used, they will appear in original and ingenious forms for viewing and purchase by the thousands who attend annually.

Miniature trees, none more than four feet in height, are made by members of hospital branches and people of the community, donated to the hospital and sold for its benefit. All remain on display until close of

the festival when they are claimed by their new owners.

Mrs. Lowell Trautman of Redwood Branch qualifies now as perennial chairman of the festival as this is her 11th year in the top post of the pageant. Assisting her will be Mrs. John Rosefield, also of Redwood, as well as Mmes. A. H. Kass of Oakland and Richard A. Shepard of Orinda, both Cypress Branch, staging; Glen Sliger of St. Helena and Redwood Branch, lighting; George Saxe of Oakland and Sycamore Branch, tickets; Russell Wilson of Piedmont and Hill Jr. Branch, preview night; and Howard Converse of Oakland and Edward McHale of Lafayette, Cedar Jr. Branch, hostesses.

Other phases of the festival will be handled by Mmes. George E. Cray of Oakland, Olive Branch, tree sales; George Mulder of Piedmont, Hilltop Branch, special trees; Austin L. BERNICE BOYD, manager of Security Savings and Loan, and her husband have returned from a trip east which included visit to the boardwalk of Atlantic City, New York City and the World's Fair. Bernice's sister, Susan, is back from a desert vacation to Death Valley and Joshua Tree National Monument, which she describes as "fabulous and beautiful in their own special ways."

CITY AND COUNTY TAX BILLS are shocking this time, but at least there is a breakdown showing where the money goes. Wonder who decided the first half of the taxes should fall due Dec. 10. Bet it puts a damper on Christmas in many a household. Bet No. 2: that many people use their Christmas club checks to pay taxes.

THE DOCTOR SAYS we can return to work in a few more weeks, but we'll do a bit of reporting at home just to keep in practice. The BIG project these days is getting out a mountain of thank-you notes to those who were so nice during our hospitalization and since returning home. It's been like Christmas—only more so. Until you're properly thanked, thanks!

Black-Out No Problem

FIREMAN NESTOR MESTAS tries out an electric drill while Captain William Lancot adjusts the power output of the generator to insure the proper voltage. —McSheehy Photo.

The Eastern part of the United States had its problems with the recent black out from electric power failure, but Albany met their challenge quickly by the use of fire department auxiliary equipment.

The PG&E was cutting over some new power service and this meant there would be a delay of one day in the construction of the new municipal buildings. The fire department went to the rescue with its auxiliary mobile generator. They hooked up to the local service for power equipment at the building site. Presto! No lost time! Every saw and electric tool was in operation!

COUNCIL

(Continued from Page 1)

63-120 granting leave of absence to Mrs. Johnnie Grisham; 63-121 appointing Mrs. Bernice Potter as full time library assistant at the Albany Free Library.

Under communications action was as follows:

A letter from the State Water Quality Control Board enclosing a copy of the preliminary report outline for a study of the San Francisco Bay Delta Water Quality Control Program was referred to City Administrator James B. Turner.

A letter from John W. Dunn, Superintendent of the Peralta Colleges expressing appreciation for adopting a resolution in support of the colleges' bond issue was filed.

A letter from Robert T. Martin, assistant secretary of the Transportation Agency, California Highway Commission, enclosing a resolution giving general support to the additional steps being taken by the Federal Government in highway beautification was referred to the city administrator for recommendation.

A letter from Jeffrey M. Schevitz for Villagers Opposed to War extending an invitation to the Council members to attend Vietnam night at the Village was filed after reading aloud the

printed circular attached which urged opposition to the war in Viet Nam.

A letter from Kenneth M. Forry, superintendent of schools, requesting the Council to authorize the consolidation of a school district tax increase election with the municipal election to be held in April, 1966. The Council voted approval unanimously.

A recommendation from Administrative Officer Turner to refund \$70 to tenants who moved from 1110 Washington Ave. was approved.

An invitation from the Albany Homeowners and Taxpayers Association to the Council to attend the dinner-dance honoring the Albany Police Reserve. Their action was commended by Mayor Lewis Howell; although he questioned their choice of a location—the Lucky 13.

Upon recommendation of Police Chief Ralph Jensen and Administrative Officer Turner, City Attorney Larry D. Saler was requested to draw up a resolution authorizing the purchase of police cars from H. L. Moore, low bidder, at a cost not to exceed \$4,055.44.

Authorized a resolution to be drawn re: a traffic modification on Buchanan Street changing the signal from Yield to Stop.

Directed the representative from ACT, a group interested in highway beautification, to work out the details with City Administrator Turner for using an Albany City truck and driver to assist them in pulling out the tires from the mud flats behind Golden Gate Fields and carting them away.

The Albany City Council adjourned at 10 p.m.

Tax Increase

(Continued from Page 1)

It was noted that for the last eight years Forry has sent the UC Board of Regents a bill for the expense of educating the children of the Village, but to no avail.

Pinkham strongly emphasized that no objection was expressed or implied against University Village parents since the District has a "legal and moral" responsibility to educate the children.

A tax increase seems to be the only answer.

Yarnell-Sharp Engagement Announced

Carol Jean Yarnell

The engagement of Carol Jean Yarnell and Huntington Drew Sharp was announced to family and friends during the summer.

Miss Yarnell, a graduate of El Cerrito High School and now a senior at San Francisco State College, majoring in English, will graduate in January, 1966. She has lived in San Francisco during her college years and has combined obtaining her degree with a part-time career in merchandising. Miss Yarnell is the daughter of Jean Yarnell Petersen, associated with Ellis-Olson Mortuary in Albany, who is herself the recent bride of Robert H. Petersen, a nephew of May Ellis Olson.

Mr. Sharp, of Moline, Illinois, is a 3/C Petty Officer in the U.S. Navy, presently stationed at Mare Island, Vallejo, in Computer School. Mr. Sharp graduated from Moline Senior High School and attended North Western University in Evanston, Illinois, for three years before enlisting in the Navy. He is the son of Huntington Sharp, a member of the firm of Belling Engineering Consultants, and Helen T. Sharp, a teacher for the Moline school system.

Miss Yarnell will travel to Moline to spend the Christmas holidays with her fiancé and future family.

The engaged couple have set February 18, 1966, as their wedding day and will be married in Trinity Episcopal Church, Oakland.

Albany Receives Seals This Week

National Kick-Off Day for Christmas Seals was Nov. 15, and Albany residents will be getting an early start this week, according to Mrs. Thomas C. Cock, 38 Domingo Street, Berkeley chairman for the TB and Health Association of Alameda County.

"Because of the response to our call for volunteers, many, though not all, Christmas Seal packets have been made up and the decision was to send them out, thus making more work space available for assembling the rest." So, according to Mrs. Cock, for many the 59th Alameda County Christmas Seal campaign started this week. Those who did not receive them in the mail will be getting them shortly.

This year, 285,000 families in Alameda County will receive sheets of the bright yellow, blue, red and green 1965 Seals, along with an appeal letter.

Contributions to the Christmas Seal campaign, according to Mrs. Cock, go to fight tuberculosis, still a stubborn and difficult disease, and also to stem the ever growing tide of emphysema, which has increased 400 per cent in California during the last decade.

The Christmas Seal idea, born in Denmark in 1904, was first used in this country during the 1907 Christmas season.

In urging community support for Christmas Seals, the Albany chairman said, "We hope these letters will generate a large—and early—response."

Alameda County Heart Ass'n Offers the Thanksgiving Good Story for Gourmet Delight and Good Health

Here is a festive menu from your Alameda County Heart Association designed for persons who wish to minimize the temptation of letting rich holiday foods undo the results of usual moderation in eating.

Iced raw vegetable tray
Roast Turkey or Chicken with gravy
Whipped potatoes OR stuffing OR hot bread
Savory green beans Grilled tomato
Tossed green salad
Fresh fruit plate
Coffee or Tea

hostess can delight the waiting gourmet with a platter of moderate size. The menu is easily modified for the patient who eats a diet low in fat or sodium. Persons requiring more food can eat portions and additional

ings. A typical holiday menu includes a stuffed bird, white or sweet potatoes, hot bread and dessert. The hostess may opt for a diet low in fat or sodium by serving stuffing or sweet potatoes rather than meat and by using a lighter

the dinner with a raw vegetable tray. Use thin strips of celery, carrot curls, and radish garnished with small leaves of lettuce or sprigs of watercress. Family and guests may be asked to hold off starvation until the final touches are put on the hot food. Omit the celery for the restricted sodium

bird may be roast turkey, game hen. Any one can be cooked without fat. This makes it easy to cook in a restricted sodium diet is required. Serve portions—most guests that they should clean their

low-fat gravy from the turkey by removing the fat before thickening. Season with herbs or chicken bouillon cubes. If you are restricted sodium be sure to use seasonings permitted on the diet.

the bird serve only one baked potato, stuffing or hot bread rather than all three. Or whip sweet potatoes rather than the usual candied which are high in both sugar and fat. Omission of some usual foods will not be no-

for the diner on a special diet. Serves 6.

Fresh Fruit Glace

Combine 1 1/2 cups of pineapple juice, 1 cup sugar and 3 tablespoons cornstarch. Stir and cook several minutes until thick and clear. While still warm pour over fruit piled high in a dessert dish or tart shell and chill. One good combination of fruit is: 1/2 cup grapefruit sections, 1 cup orange sections, 1 pear, peeled and diced, 1 cup red grapes, halved and seeded. Serves 6.

And, for the holiday visitors, here is a tart and crunchy dessert recipe for persons placed on

Hawaiian Trip For Albany Camera Club

The lure of the Isles is calling Albany Camera Club to the enchanting land of our newest state—Hawaii.

Robert Nelson, chairman of the planned tour, has announced that 35 members and friends have made reservations for the special flight which will take off in April. Cameras are being prepared to capture much of the exotic beauty of several of the islands on this most ambitious of all the club's field trip activities.

Ivan Dethrick, chairman of Albany Camera Club's pet project, "Slides for Veterans," announces that the number of color slides is moving toward this year's goal of 2,000.

The latest pictorial efforts of Albany Camera clubbers were judged by Robert Holbrook, a San Francisco stained glass artist and photographer of note. Following are the results: beginners' group, Al Malm, Malcolm Douglas, Mary Klinger; advanced group, Margot Ralph, Helen Goldman; salon group, Lillian Malm, Jack Hamilton, George Brasen, Elmer Nelson, and Carl Waters; special (sports event), Mabel Nelson, Al Haven, Mary Klinger, Lillian Malm.

Elmer Nelson, Margot Ralph and Karl Dahlen brought credit to the Albany Camera Club when their winning slides placed high in the monthly competition of the Northern California Council of Camera Clubs.

Apple Date Bar

1/2 cups coarsely chopped dates
1 cup applesauce
1 T. sugar
1/2 cup water
1 tsp. cinnamon
1 tsp. grated lemon rind
2 tsp. lemon juice
1 T. vegetable oil
1/2 cup light brown sugar
3/4 cup sugar
3/4 cup sifted all purpose flour
1 1/2 cup uncooked rolled oats

To prepare filling: Mix together in a saucepan the first seven ingredients. Cook five minutes over low heat, stirring constantly. Allow to cool.

To prepare crumb mixture: Blend oil and sugar in a bowl; stir in flour and oats, blending well. Place two-thirds of this mixture in an oiled and floured oblong pan. Pat mixture to evenly cover bottom of pan. Spread with all of cooled filling and cover with other third of crumb mixture. Pat lightly and make in 350 degree oven until golden brown (45 minutes). Makes 20 squares.

Happy, hearty holidays from the Alameda County Heart Ass'n.

Cancer Society Asks Return of Questionnaires

An urgent appeal to volunteers working on the American Cancer Society's "Living Habits Study," to return questionnaires before the Thanksgiving holiday, was made today by Mrs. Russell Monson, chairman.

Reminding volunteers that this is the sixth and final year of the nationwide study, the chairman stressed the importance of obtaining answers from all subjects who have participated throughout the six-year period.

In Alameda County, more than 650 volunteer workers have kept track of some 11,000 men and women during the duration of the study. "Since the survey first began back in 1959, the Alameda County branch has lost track of less than one per cent of its subjects, and that's pretty amazing," said Mrs. Monson.

All information received is given to the volunteer by the subject in a sealed envelope. It is then forwarded, unopened, to the American Cancer Society's tabulation center in New York where facts and figures and comparisons are made and held in the strictest confidence.

When the American Cancer Society first launched the program, professional organizations said a study of this kind was impossible. At the conclusion of this, the final year, Cancer Society volunteers will prove that it could be done. All results derived from the survey will be made public as soon as tabulations are complete.

"Living Habits Study" volunteers are requested to return their completed kits to Mrs. Russell Monson, 2101 Los Angeles, Berkeley, California.

FREEWAY DRIVING TIPS FROM AUTOMOBILE CLUB

Freeway driving has become a complex business—and an occupational hazard for many people. The National Automobile Club says the advent of the super-highway has forced the motorist to adapt special knowledge and driving skills.

California's largest statewide automobile club urges motorists to keep in step with today's fast pace and develop "professional" freeway driving habits.

NAC lists the following "professional" habits drivers should develop:

1. When entering a freeway,

attempt to merge at the same speed as the traffic in the lane you are intending to enter.

2. Once on the freeway, avoid sudden lane changes, but when you do change lanes be certain to signal your intentions well in advance.

3. Keep your speed consistent with traffic flow. California law says if you are moving at less than the posted speed limit and are followed by five or more vehicles you must change to a slower lane and allow them to pass. Failure to do so may result in a citation.

At The Post

by Walt Holland

The Army and Air Force veterans of Albany Post No. 292 are going to move in the Infantry, the Artillery, the Bombers and the field kitchens when they take over the Post meeting, dinner and entertainment of Albany Post 292, American Legion.

The combined Army and Air Force veterans of the Post will move in Friday evening, Nov. 19, 6:30 p.m., at Albany Veterans Memorial Building and the Navy, Marine and Coast Guard veterans of the Post will have to take what the Army and Air Force dish out and like it.

"Be Thankful You Can See" Says Lions

Postmen of the Bay Area are this week delivering 300,000 letters from the Lions Central Committee for the Blind. Enclosed are "Thanksgiving Seals for the Blind."

Once each year the Lions Clubs of Alameda and Contra Costa Counties appeal to the public for donations to support the Lions Blind Recreation Center located at 3834 Opal Street in Oakland.

Truly the most segregated group of people in California are the blind. "How many blind friends do you have?" Lions clubs traditionally have adopted as a major project help for the blind and the sight needy.

The local Lions Blind Recreation Center presently has 1,500 visitors each month. Our goal is 3,000. Here is one place where the blind of all races and religions can and do meet, enjoy conversation, laughter and fellowship. They have their dances, music lessons and an orchestra. There is a braille library, games, weaving and kindred activities. This all costs money. The Center is supported and maintained by the efforts of the local Lions Clubs and this annual drive for funds. It receives no funds from United Crusade or any other agency.

Lion District Governor Frank Koser and Henry Seramur, President of the Central Committee for the Blind, urge a generous response to this annual appeal. Return of the yellow envelope with a contribution will insure a continuance and an expansion at this vital community center. "Be Thankful You Can See."

The evening will start off with a social hour at 6:30 p.m. with the Post's Color Guard in charge, then the cooks and messmen will move in with army chow at 7:30 p.m. after which Commander Thomas Noonan will have the members take in the new recruits joining Albany Post. When the business is over, Entertainment Chairman Alvis Willis will put on a stage show in the auditorium for the veterans of all branches of the armed forces.

It is also going to be an occasion of celebration as Albany Post has attained its goal of being the second largest post in membership in Alameda County, a position Albany has endeavored to attain for the past two years, and the figures released by the State Department Oct. 20 make it official. This membership gain was made possible by the veterans of Campanile Post No. 402, which surrendered its charter, transferring to the Albany Post during the 1965 term.

According to Richard Calais the general chairman for Army-Air Force night, the dinner and entertainment is to be free for Legionnaires and all eligible veterans for American Legion membership who will sign on the dotted line Nov. 19 or before Army-Air Force night. However, says Calais, there will be an exception. Women veterans should stay home as it is going to be a stag affair.

Albany YMCA Judo Club Active in Tournament

Four members of the Albany YMCA Judo Club attended a promotional tournament at San Francisco State College sponsored by the Hakka Yudaushakai (Northern California Black Belt Association) on October 24.

Accompanied by their instructor, Mel Augustine, a 4th Degree Black Belt, were Art Cunningham, San Kyu (1st Class Brown Belt); John Ford, Steve Hayashi and John Lonegran, all white belts.

Art won his first match, but was injured in his second will have to wait awhile even before he can work out at all. John Ford won two matches and was promoted to San Kyu.

New Firm Likes Albany

Buehrer Inc., the materials handling equipment firm, recent host at a two day open house to celebrate their forty-ninth birthday and completion of their new headquarters at 1061 Eastshore Highway in Albany, have expressed satisfaction in the new location.

One of the high lights of the event was a visit from popular Albany Mayor Lewis M. Howell, during which time the vice president and general manager of the Buehrer firm, Alvin C. Hamre, described the operation of the latest in materials handling equipment, the all new solid-state electric fork-lift truck from "Automatic."

At the same time, the Buehrer mechanics were demonstrating their versatility by transforming a 30,000 pound capacity "Automatic" lift truck to one of 35,000 pounds. This was being done during the open house in order to show visitors and guests the efficiency of the Buehrer service department.

According to V.P. Hamre, they are very happy to join the growing family of manufacturers and distributors in the growing Albany industrial complex.

LARGEST CAMPHOR TREE

The world's largest camphor tree can be seen at Pomona, Los Angeles County, reports the National Automobile Club.

Since this promotional was for seniors, Steve and John Lonegran, both 13 years old, took part just for the experience. Steve won his first match and John showed up very well in spite of the fact that he was paired with a 19-year-old serviceman.

The YMCA Judo Class is doing remarkably well under the leadership of Mel Augustine. It has grown to over 30 members. Included are boys and girls and adults. There is even a father and son participating. The class, which meets on Monday and Wednesday evening from 7 to 9 is open to anyone. The only requirement is a YMCA membership.

Further information on this and other YMCA activities may be had by calling 525-4833 or stopping in at the Y at 921 Kains Avenue, Albany.

New Coffee House Opens On San Pablo Avenue

The Questing Beast of Arthurian Legend has become a reality in the form of a coffee house featuring quality folk music.

The questing beast embodies five different animals—the serpent, the lion, the leopard, the goat, and the bird, a fitting symbol for a coffee house dedicated to as varied a field as folk music which includes everything from traditional blues.

This coming Friday, Nov. 19, the Questing Beast, located at 504 San Pablo Ave., is making its debut with Alice Stuart, considered by many to be the Bay Area's most versatile young artist.

Miss Stuart is a native of Lake Chelan, Washington. She began her career singing rock 'n' roll in high school, and was head drummer of her school band. She went on to sing at various night spots in Seattle, performed at many noted places in Los Angeles, and then came to Berkeley. In the last year and a half she has been featured at many national folk festivals, including the Berkeley

Time Change Can Cause Accidents Says CSAA

With East Bay communities returning to standard time the California State Automobile Association today urged motorists to drive carefully since darkness will arrive earlier with the turning back of the clocks.

The CSAA emphasized that three out of five traffic fatalities occur at night, although only 30 per cent of driving is done during darkness. With the return of standard time, darkness will arrive during the late afternoon, when both pedestrians and motorists are returning home from work.

To reduce accidents, the CSAA offered the following safe driving tips for darkness hours:

Cut down driving speeds at night. It is easy to out-drive your headlights.

Be especially watchful for pedestrians. A pedestrian wearing dark clothing is difficult to see under artificial light.

Keep headlights and windshield clean to provide maximum visibility.

Check tail lights, turn signals, and high and low headlight beams to be sure they are working properly.

Make allowance for your age. Recovery from glare is slower when you are more than 30 years of age.

Clothing Needed By Volunteers Of America

The Volunteers of America have requested that householders and businesses in this area check closets and storage areas for outgrown and outdated clothing and shoes to meet increased seasonal requests for aid from the needy.

Lt. Col. L. O. Fleet, executive officer of the Oakland Post, declares, "The next four months will see peak requests for assistance from homeless, jobless and destitute people. It is necessary to build up a stockpile of warm clothing and shoes to meet this continuing need."

Clothing and shoes for all ages, and for men and women are needed, as well as layettes, and children's clothing through the teen sizes. The Volunteers also welcome the donation of outmoded and outdated, but still serviceable furniture, baby furniture, house furnishings, small electrical appliances, antiques and bric-a-brac. Donors are asked to call Kellogg 6-0123 to arrange for free truck pickup service at their convenience.

Albany High School Seniors Present "Critics Choice" Nov. 19

The Senior Class at Albany High will present "The Critic's Choice" by Ira Levin, this year's senior play, on Nov. 19.

"The Critic's Choice," which was made into a movie a few years back with Lucille Ball as one of the stars, is a light comedy portraying the problem many men have in choosing between their wives or their work.

In this case, Parker Ballantine, the critic, played by Mike Gleason, has to choose whether to review his wife's play truthfully or not review it at all and save his marriage.

The plot is further complicated

by the fact that Parker's first wife, a glamorous movie star, Ivy London, played by Sharon Dreyer, would like to remarry him.

He is faced with the same problem with Angela Ballantine, his second wife, played by Margaret Luckey. He married her, aside from the fact that he loved her, because she was a housewife who would not cause such a conflict between his work as a critic and a husband.

Parker's 12-year-old son, John Ballantine, adds comedy relief to the play. He is played by Rich Lyness.

No marriage struggle would be

complete without the omnipresent mother-in-law. She is played by Michele Lyon. Dion Kapakos, played by John Kister, directs Angela's play. Subtly feeding information about the characters to the listener is Essie, the maid, played by Flora Mitchell.

Thus the forces line up pulling Angela one way and pulling Parker the other. Which force wins or whether either one of them wins at all is left for you, the critic, to see.

Directing the senior play is Mr. Freeman Sargent. Handling the lighting for the play are Len Thompson and Ron Clifton; in charge of properties and stage setting are Kandy Toothaker and Bob McKenna; prompter is Laurel Egenberger.

Tickets are 75 cents and can be
